“My child is healthy. WHY the need for a sports physical?”

Even if your child appears healthy, it’s important that a provider evaluate factors such as the **heart, lungs, posture, strength, and flexibility** to help prevent illness or injury caused by an underlying issue. Whatever your sport and whatever your season, get your child ready to compete by having them complete their sports physical at Prosser Clinic this summer.

STUDENTS, GET YOUR SPORTS PHYSICAL FOR FREE.

Each year, student athletes must undergo a sports physical before participating in sports and other activities.

Get your child’s physical for free at Prosser Clinic, and check it off your summer to-do list.

Students should bring their WIAA sports physical form (available at high schools) and student ID, if available, to their sports physical.
